

MARK PURKEY MINISTRIES, INC.

Press Release

Since the beginning of his ministry in 1981, Mark Purkey has used his testimony as a powerful tool to preach the gospel of Jesus Christ. Healed of *lymphoma cancer* at the age of 19, Mark experienced the touch of Jesus one unforgettable night in his hospital room. Given only 3 to 6 months to live, a grandmother literally stood on the Word of God claiming its provision. Simultaneously, the presence of God entered Mark's hospital room and a miracle took place. Shortly thereafter, Mark was released with a clean bill of health.

Mark Purkey is a dynamic Bible preacher and Ordained Minister with the Assemblies of God. His refreshing and straightforward style of preaching is enhanced by his humor and his ability to apply Biblical principles to contemporary problems.

2016 marks the Purkey's 35th year of Marriage and full-time Ministry. Purkey along with his wife, Susie, a Credentialed Minister with the Assemblies of God, herself and a former Revivaltime Choir soloist, present day recording artist and published author, have declared the gospel of Jesus Christ to thousands of people throughout the United States, Canada and Europe, through Evangelistic meetings. God has been faithful to perform the miraculous in hungry hearts. The Purkeys have been guests of the Trinity Broadcasting Network and reside in the Oklahoma City area with their family.
